

Digital Scrapbooking Tutorial – Add basic drop shadows to your layouts using Photoshop Elements

In the other digital scrapbooking tutorial I showed you how to create a layout using Carena's Template, Photoshop Elements and the [Daydreaming Collaboration Kit](#). Today we want to give the layout a little more depth and add some drop shadows. If you want to have a look at the template tutorial go [here](#).

1. Choose one of your elements on the scrapbook page

2. With a right click on the element open the style settings

3. Choose an appropriate size for your shadow.

4. Add further shadows to your other elements
